

**CONONLEY PRIMARY SCHOOL**  
Inspiring and Challenging Our Children

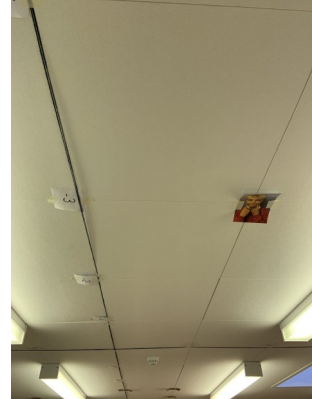

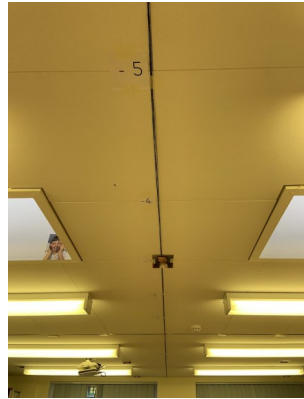

Weekly Bulletin

February 15 2019

### Twitter mystery!

Parents and carers who follow our school on Twitter may have been mystified by the photographs of Year 6 this week. It can now be revealed that the pictures showed a maths lesson about co-ordinates in four quadrants. Mr Milner created an x and y axis on the ceiling and pupils had to find the co-ordinates of each other's photographs.

Thank you to everyone who supported the FoCS Valentine Cake Sale, raising money for our children.

### Forest School Project

We are now ready to begin the next phase of tree planting for our Forest School project. We need volunteers to help us on Sunday 17 March at 10.30am. Please bring your own spade.

### Achievement Assembly

The next Achievement Assembly will take place on **Friday 22 February** at 3pm. Parents and carers are welcome to join us to hear about the achievements of our children. This week, the children who will receive a Headteacher's Award for excellent work are:

**Cherry Class: Freya**

**Rowan Class: George**

**Sycamore Class: William**

**Silver Birch Class: Faye**

**Oak Class: Rebecca**
