Stone Age Workshops

This week we have been visited by a member of staff from Craven Museum Service, who brought lots of different Stone Age artefacts for Key Stage 2 to investigate.

Thank you!

Thank you to **The Secret Drawer**, **BC Excavations** and **Candelisa** for their generous donations towards the purchase of new i-pads. We are very grateful.

Achievement Assembly

The next Achievement Assembly will take place on **Friday 21 September** at 3pm. Parents and carers are welcome to join our assembly and hear about the achievements of our children. This week, the children who will receive a 'Headteacher's Award' for excellent work are:

The Cherries: Poppi-Lu Tones

The Rowans: Freddie Chapman

The Sycamores: Lucas Craven

The Silver Birches: Lily Waite & Kelsey Drake

The Oaks: Heather Graham & Euan Cox

Please note: our new Reception children will **NOT** be attending Friday Achievement Assemblies at first, in order to give them time to settle in. We will inform you when they are ready to take part.

Centenary of Armistice Day

Thank you for all the information and photographs of family members who were involved in World War I (or subsequent conflicts) which we have received so far. If you have any information and photographs which you would like to contribute to our Remembrance Assembly and exhibition, please send them into school.
